BioLogic

BCS-1000 Series

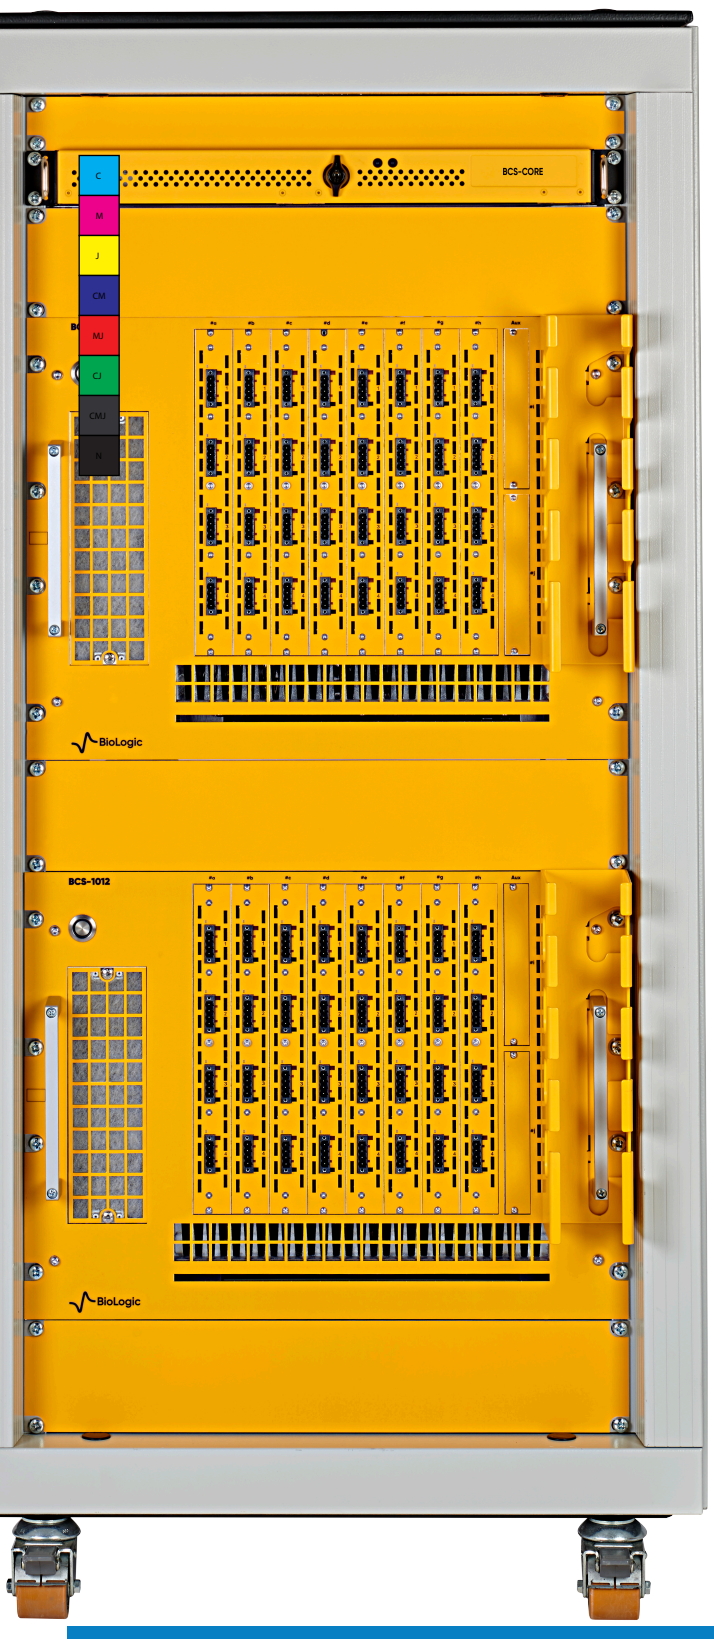

Essential Battery Cyclers

When aging & screening tests require **high volume cell cyclers**

- **High channel density**
- 32 channels per module

- **Ideal for cylindrical cells**
up to 6 A

- **Climate chamber control**
& temperature monitoring

BT-Lab Suite®

- **BT-Test™ - Control, measurement & monitoring**
- **BT-Analysis™ - Automated batch data processing & display**

Shaping the future. Together.
